Day I Die

[Elias](#)

(CHORUS X2)
Every breath I take till the day I die
Imma hold you down Imma be ur guy
Imma be your one till the day I'm done
till the day i die (to the day i die)VERSE (ELIAS)Me and you, you and me, how we feel
I think was meant to be
you took off, with ur man, you don't understand
how much you mean to meeveryday, everynight, till i die
I want u next to me
understand, I'll be your man, till the end
so don't say no to mebut you left and I'm all alone
just wish you would call my phone
I call u but no ones home
why does this happen to meI'm sad no one cares
I reach but no ones there
this shit just seems unfair
nothing good happens to me(CHORUS X2)
Every breath I take till the day I die
Imma hold you down Imma be ur guy
Imma be your one till the day I'm done
till the day I die(to the day i die)Girl Verse(ANNE-MARIE)I was scared, I ran away, far away
cause I didn't know what to say
but now I see, your love is real, and you feel
it takes my breath awayjust say you'll hold me down...I'll hold you down
don't let our fire burn down... you know I won't
just say you'll be my man... I'll be your man
love me as long as u can... you know I willNow you'll neva be alone
if you need me call my phone
for you I'm always home
I'll always be there for youI've searched but now I've found
theres no love like yours around
those words have made me see
that your the only one for me(CHORUS X2)
