

Black Kiss

Marc Almond

Black kiss
Kiss deep
Inside
Your sleep
Dark love
You crave
Black kiss
I gave Black kiss
Inspire
Cold heart
On fire
Black kiss
Red rose
Where no
One goes Beautiful evil
Beautiful evil
Why do you hurt me?
Why do I let you?
I need your blood now
But you're not giving
Without your blood how
Can I keep living? Black kiss
From above
Soft mouth
Hard love
Sweet kiss
So true
Black kiss
That I gave you Beautiful evil
Beautiful evil
Why do you hurt me?
Why do I let you?
I need your blood now
But you're not giving
Without your blood how
Can I keep living? Black kiss
Kiss deep
Inside
Your sleep

Black kiss
Barb wire
Cold heart
On fire Beautiful evil
Beautiful evil
Why do you hurt me?
Why do I let you?
I need your blood now
But you're not giving
Without your blood how
Can I keep living? There in my mind
Clear and defined
Deep in my heart
Where do I start
Blood on your lips
Passionate bliss
Don't want to miss
Your black kiss Beautiful evil
Beautiful evil
Why do you hurt me?
Why do I let you?
I need your blood now
But you're not giving
Without your blood how
Can I keep living?
Can I keep living?
Can I keep living?
Can I keep living?
