

# I Don't Care

## Foxy Brown

I, I, I don't care  
Chyna White, Foxy Brown  
I don't care  
Yo, consider me a roll model if there's beef in the club  
I'm that lil' white bitch that's gonna throw bottles  
Me and the fam has this whole model  
Fuck you, fuck them, fuck all uh y'all  
So what if this is not for kids?  
So what if there's a hundred labels that got the bid?  
So what if I dreamed the Devil never dared me to sin?  
So what if the industry compares me to him?  
So what if I write hard?  
Or is it really just a big fuckin' deal cuz' it's comin' from a white broad  
So what, hear me so what if I bring it?  
Most of these rappers who fold up  
I don't care if I might be on top, I can give a flyin' fuck  
If you like me or not  
So what if you think I'm not the illest chick?  
I don't care you still gotta feel dis bitch  
I don't care  
To all the hatas that be lookin' to fade us  
We not concerned with what you put in the papers  
I don't care  
We stayin' focus while you tryna provoke us  
We never cared that industry notice  
I don't care  
Don't give a fuck niggas know I'm buck  
Niggas know I'm reppin' they don't fuck wit' me  
Bitches know I'm seven go head get slick  
Tick this bitch off get cho highway to Heaven, nigga  
Slick shit hot shit I'm so gutter  
If I die tomorrow I resurrect through my young brother  
Oh! God got to warn yah first shawty spit hard  
And she rollin' with the brown broad  
Young fox don't cosign shit niggas know she gotta be a live bitch  
If we fuck wit her  
Niggas know how the fuck I flow  
It's a rap I'm so back it's a double high mode, nigga  
Please believe it's the BK pretty broad

Code D is a white sex in the city broad  
Out in that field we get it crunk we cruise pop  
Wit two twin glocks holla ya heard Fox  
To all the hatas that be lookin' to fade us  
We not concerned wit what chu put in the papers  
I don't care  
We stayin' focus while you try to provoke us  
We never cared that industry notice  
I don't care  
To all the hatas that be lookin' to fade us  
We not concerned wit what chu put in the papers  
I don't care  
We stayin' focus while you tryna provoke us  
We never cared that industry notice  
I don't care
