Two In the Heart

Lower Class Brats

You loved me once you loved me twice
Third time baby you weren't so nice
I should've ran away that second time around
When you left my broken-hearted
lying on the ground[Chorus]
You gave me two
Two in the heart
I got one
In the backThey say love makes you blind
When I look at you I see fine
I always lost the games you started
I don't get blind I get retardedYou played with me like a rag doll
Made me feel I was three feet tall
I've got the scars and that's a fact
I got two on my chest and one on my back
