

Rambozo the Clown

Dead Kennedys

We got a deadly toy to brainwash your boy
An egocentric muscle thug
Kicks butt on screen like a brat outta hell
Bullshitter in the Indochina shop
Pull the string in his back, we win the war
We never should have started at all
A cabbage patch terrorist to call our own
Who rewrites history with a machine gun
Don't think about it, kill it
That's what we teach your child
Rambozo, Rambozo
Rambozo the clown
Rambozo, Rambozo
Rambozo the clown
To draft age kids, it surely looks like fun?
Kill them all and let God sort 'em out
Like video games, no mess
[Incomprehensible] fuel to fill a mass lapse of common sense
You can be Don Quixote
We'll dice you with our windmill blades
Brawn over brain, means a happy ending
G.I. Joe in the cereal bowl
Grey shrapnel flavored chewing gum
Mass murder ain't just painless
Now that we've made it cute
Rambozo, Rambozo
Rambozo the clown
Rambozo, Rambozo
Rambozo the clown
War is sexy, war is fun, Iron Ego, Red Dawn
Be a wolverine, you'll rule the hills
Just get some guns and Cheerios
Any kid can conquer Libya
Just steal him a fighter plane
Look who came home in a wheelchair
V.A. Hospital, they don't care
"We're the machine
You're just a tool"
Who fell for the myth
Rambozo, Rambozo
Rambozo the clown
Rambozo, Rambozo
Rambozo the clown
Rambozo, Rambozo
Rambozo the clown
Rambozo, Rambozo
Rambozo
