

# Perfect Storm

## Alana Lee

Baby, why don't you hit me with lightning,  
So I can bottle it up and save it for a rainy day,  
Baby, you know this loving is frightening,  
But it's only calm before the tempest gets on it's way. We could be the perfect storm,  
I feel it coming and it won't be long,  
We could be the perfect storm,  
So let it rain. Baby, why don't you show me your thunder,  
So I can put it on the shelf and dust it when the sky goes black,  
Baby, your loving makes me wonder,  
If I step outside will I ever feel the need to turn back.
