I Wish It Was Over

Teddy Thompson

I wish it was over
I wish we were through
I wish when my phone rang
It wasn't always youI don't even like you
Or can't you tell
Whenever I'm sober
I treat you like hellI wish it was over
I wish it was over
I wish it was overIf I could be stronger
And not so weak
Instead of just thinking
Maybe I could speakI don't think you're special
You're certainly not smart
This being together
Is tearing me apartI wish it was over
I wish it was over
I wish it was overI wish it was over
