Holy Summer

Pale Forest

Would you like to be
on the moon with a spoon?
I don't care how
I just want you to tell me something new and terribleIsn't he beautifulYou can drive me in your car
It won't matter where we go
This habit for my rose
This habit for my rose
I lost my radio phoneMr. RainoutElectric toys for you
Funeral so goodHow?Isn't he beautifulWell, I dig my own dinner in a fancy restaurant
This car by the sea
I don't have so much to give
I'm going to wear my clothes
I'm going to wear my clothesMr. RainoutWould you like to be
on the moon with a spoon?
