## ManicM

When all you have's a hammer  
    All you see is nails  
When all you have's a hammer  
    And when all else fails  
Hit the nails!When all you have's a buzz-saw  
    All you see is wood  
When all you have's a buzz-saw  
    You just wish you could  
Yeah, you would!When all you have's a lighter  
    All you see's a fuse  
    And when you see it burning  
You ain't got nothing to lose!When all you have's a shovel  
    All you see is graves  
    When all you have's a shovel  
    In hollow pits they will be saved  
    Light the fuse!
