Coming Home

Sasha

Refrain:
Its a beautiful day
Its a beautiful morning
Im coming home
Its a beautiful day
Memories are calling
Im coming homeAfter the fall
There comes a time to rest your senses
And after all
I decided that I wont be on my own
So Im driving
And the streets
Are as white as they can be
Theres a light in everything I see
Im coming homeRefrainI walk alone
And that perfect smell seems so familiar
Like Ive never been gone
And I feel the warm embrace of everyone
I was missing
Now Im here
And Im listening to the voice
That is leading me the last steps down the road
Im coming homeRefrainIts a beautiful day
Its a day to remember
Im coming home
Its a beautiful day
And I finally end up
Im coming homeRefrain 2x
