From the Morning

Sweetbird

A day once dawned and it was beautiful
A day once dawned from the ground
Then the night she fell
And the air was beautiful
The night she fell all aroundSo look see the days
The endless colored ways
Go play the game that you learnt
From the morningAnd now we rise
And we are everywhere
And now we rise from the ground
And see she flies
And she is everywhere
See she flies all aroundSo look see the sights
The endless summer nights
And go play the game that you learnt
From the morning
