Butterfly

Jamiroquai

Little butterfly, come back to me
Come back to meEverything that I want
Is written on your face
So take me where you want to
It's your love that I chaseNow you got something
So beautiful
And the way you move me baby
It's like no other girlButterfly that came and butterfly in June
So color in my wings and let me hold your hand
I could be the sun and you could be my moon
But all you ever say is catch me if you canFeel like a butterfly
Searching in the summer sky
A perfect love so hard to find, yeah yeahLittle butterfly, come back to me
Little butterfly, come back to me
Little butterfly, come back to me
Little butterfly, come back to meHoney, you pushing a condition
But I don't mind
I think you're my addiction
But that's alright, that's alrightYou've got to slow down
I can't keep up with you, no no no no
All the other butterflies
They don't love like we doI feel like I'm a butterfly in June
So color in my wings and let me hold your hand
I could be the sun and you could be my moon
But all you ever say is catch me if you canFeels like a butterfly
Searching in the summer sky
A perfect love so hard to findLittle butterfly, come back to me
Little butterfly, come back to me
Little butterfly, come back to me
Little butterfly, come back to meOh oh, little butterfly
Won't you come back to me
