

Don't Walk Away Eileen

[Sam Roberts](#)

Don't walk away Eileen
I've been livin' for you since the age of seventeen
Don't walk away Eileen
You've been tellin' lies and now it's time to come cleanHey! You come around and I
Hey! You come around and I
Hey! You come around and I can't keep time
Hey! You turn around and I
Hey! You turn around and I
Hey! You turn around and I'm left behindEileen says I'm a boy, not a man
Cryin' on the corner with my head in my hands
I called her name and she ran
Slippin' through my fingers like a fist full of sandHey! You come around and I
Hey! You come around and I
Hey! You come around and I lose my head
Hey! You turn around and I
Hey! You turn around and I
Hey! You turn around and I'm left for deadAnd she reads my mind when I'm sleepin'
And she always arrives when I'm leavin'
Yeah, she's blocking out the sun it seems
You're a pacifist with a gun, EileenHey! You come around and I
Hey! You come around and I
Hey! You come around and I can't keep time
Hey! You turn around and I
Hey! You turn around and I
Hey! You turn around and I'm left behindHey! You come around and I
Hey! You come around and I
Hey! You come around and I lose my head
Hey! You turn around and I
Hey! You turn around and I
Hey! You turn around and I'm left for deadDon't walk away Eileen
Don't walk away Eileen
Don't walk away Eileen
