Don't Walk Away Eileen

Sam Roberts

Don't walk away Eileen

I've been livin' for you since the age of seventeen

Don't walk away Eileen

You've been tellin' lies and now it's time to come cleanHey! You come around and I

Hey! You come around and I

Hey! You come around and I can't keep time

Hey! You turn around and I

Hey! You turn around and I

Hey! You turn around and I'm left behindEileen says I'm a boy, not a man

Cryin' on the corner with my head in my hands

I called her name and she ran

Slippin' through my fingers like a fist full of sandHey! You come around and I

Hey! You come around and I

Hey! You come around and I lose my head

Hey! You turn around and I

Hey! You turn around and I

Hey! You turn around and I'm left for deadAnd she reads my mind when I'm sleepin'

And she always arrives when I'm leavin'

Yeah, she's blocking out the sun it seems

You're a pacifist with a gun, EileenHey! You come around and I

Hey! You come around and I

Hey! You come around and I can't keep time

Hey! You turn around and I

Hey! You turn around and I

Hey! You turn around and I'm left behindHey! You come around and I

Hey! You come around and I

Hey! You come around and I lose my head

Hey! You turn around and I

Hey! You turn around and I

Hey! You turn around and I'm left for deadDon't walk away Eileen

Don't walk away Eileen

Don't walk away Eileen
