Sunset Somewhere

Megan & Liz

(Ha ha ha ha. Clap.)

Let?s get it started
I?m just a dreamer on a Friday night
You know I want it
Yeah I gotta gotta get it right
Just a small town girl with West Coast dreams
Gotta do a lot of driving in these skinny jeans
I gotta get some sun, get some rays
Wanna live my nights and waste my days, whoo!

There ain?t no beach in this town
Baby I?ve been dying just to get up off the ground
A-whoa, oh, oh, a-whoa
Yeah there?s a sunset somewhere
But I?m stuck standing here in nowhere
But I know we can make it if we up and leave right now
A-whoa, oh, oh, a-whoa
Cuz there?s a sunset somewhere

I wanna feel it (feel it)
I need a sunburn badly baby
You know I mean it
Oh yeah you know it drives me crazy

Being a small town girl with West Coast dreams
Wanna do a lot of driving in these skinny jeans
Gonna get some sun, gonna some rays
I wanna live my nights and waste my days, yeah!

There ain?t no beach in this town
Baby I?ve been dying just to get up off the ground
A-whoa, oh, oh, a-whoa
Yeah there?s a sunset somewhere
But I?m stuck standing here in nowhere
But I know we can make it if we up and leave right now
A-whoa, oh, oh, a-whoa
Cuz there?s a sunset

And if we make it there

We?ll make it anywhere
There?s a sunset somewhere
There?s a sunset somewhere

(Clap.)

There ain?t no beach in this town
Baby I?ve been dying just to get up off the ground
A-whoa, oh, oh, a-whoa
Cuz there?s a sunset somewhere
But I?m stuck standing here in nowhere
But I know we can make it if we up and leave right now
A-whoa, oh, oh, a-whoa
Cuz there?s a sunset somewhere
Cuz there?s a sunset somewhere
I want that sunset somewhere

(Clap.)
