

# She's Waiting

## 28 Days

yeah my girl she's so pretty  
always waiting when I get home  
she's always wants to lick me  
and she wears a shiny fur coat  
she's always waiting when I get home  
when I get back to my house  
I know that she's always waiting  
when i get home  
when I get back to my house  
I know that she's always waiting  
she's waiting, she's waiting  
she's waiting  
ohh she's always there for me  
when I get back to my house  
she's always there for me  
when I get back to my house  
i love to love her  
when I get back to my house  
i love to hold her

when I get back to my house  
my girls name is katie  
and she's always there for me  
and I'll tell you right now  
I love her and how  
she's always waiting when I get home  
when I get back to my house  
I know that she is always waiting  
she's waiting, she's waiting  
she's waiting  
ohh she's always there for me  
when I get back to my house  
she's always there for me  
when I get back to my house  
i love to hold her  
when I get back to my house  
i love to hold her  
when I get back to my house.
