## **Neva Have 2 Worry (feat. Uncle Chucc)**

## **Snoop Dogg**

1992

'Deep Cover' hit the world and fell in love with Snoop

'Doggystyle' came out, it's like I dropped a bomb

One of the greatest hip-hop records of all timeI was young, gettin' money, livin' wild and free

Got on and I brought the whole Pound with me

Didn't matter who's around, I kept it way too G

Niggaz knew it was Eastside L.B.C., CGangsta shit

That's what a motherfuckin' gangsta get

The one up above didn't like my pace

I was movin' too fast and I caught that caseI fought that case

Wonder where the West would be if I'da lost that case

I slow mine down

Swimmin' with the sharks and I almost drownedI done made some mistakes along the way

To become the G I am today

Who'd ever thought I'd make this far?

Out the hood to be a big starAnd I ain't goin' nowhere

Homie I ain't never comin' down

I'm too high in the clouds

To ever have to worry 'bout thatI'm finally out

And the critics hated on me 'cause I went to the South

Said I wasn't gon' shine, had me left for dead

Switched sides, now my old boss want me deadDropped the first of the three and you said it was weak

'No Limit Top Dogg', the return of the beast

So from that point on I know what to do

Don't worry 'bout them just do what you do'Last Meal' was the one that took me off the leash

That's the last time a nigga gon' eat off of me

Stack plaque after plaque, gain millions sold

I'm the boss of this bitch and I ain't never went gold, niggaI done made some mistakes along the way

To become the G I am today

Who'd ever thought I'd make this far?

Out the hood to be a big starAnd I ain't goin' nowhere

Homie I ain't never comin' down

I'm too high in the clouds

To ever have to worry 'bout that Boss of the city, boss of the coast

Some other niggaz tried but none of 'em come close

They stuck lookin' silly but nothin' like a loc

The Bigg Bow Wow, I kill it with one strokeThat's what it's about

They tryin' to tell a nigga what could come out his mouth

Motherfucker I'm a G, but first I'm a man

Freedom of speech, bitch is a word you can't banSo they blamin' me, sayin' this my talk

To some women as hoes, like it's my fault

Damn they lost, man, they just don't know

That a bitch is a bitch, and a hoe is a hoeLet them heaters cock and let them leaders talk
I'm gon' be smokin' dank, livin' like a boss

Let them heaters cock and let them leaders talk

I'ma be smokin' my dank, livin' like a boss, niggaI done made some mistakes along the way

To become the G I am today

Who'd ever thought I'd make this far?

Out the hood to be a big starAnd I ain't goin' nowhere

Homie I ain't never comin' down

I'm too high in the clouds

To ever have to worry 'bout thatToo high, too high in the clouds

To ever have to worry 'bout that

Too high, too high in the clouds

To ever have to worry 'bout thatToo high, too high in the clouds

To ever have to worry 'bout that

Too high, too high in the clouds

To ever have to worry 'bout thatToo high, too high in the clouds

To ever have to worry 'bout that

Too high, too high in the clouds

To ever have to worry 'bout that
