

Tears of Joy

Karyn White

tears of joy
it feels so good No man in this world
Has ever made me feel
The kind of joy that you give to me
I've waited so long
Then you came along
So perfect for me Tears of joy
They wash all my pain away
Oh i'm crying out loud
Heaven knows
What you've done for me
You made a change in my life
I never knew how good it could be REFRAIN:
Happiness is what I feel
Whenever I have you near
Anytime I shed a tear I'm crying tears of joy
A love like I've never known
You let your heart be my own
Never will I be alone
I'm crying tears of joy
You're my joy No more lonely nights
You're arms are gonna hold me tight
To be loved feels so good
My heart overflows
with love i will show
I'll never let you go Cuz I have found somebody
Who loves me
And I know that I'm giving back
True love I've never known
Oh baby with you I am strong
You're all that I need Tears of joy
They wash all my pain away (wash away all my pain)
Oh i'm crying out loud
Heaven knows
What you've done for me
You made a change in my life
I never knew how good it could be REFRAIN 2x Someone who understands me
Someone that I can lean on
An share an everlasting happiness Everytime i'm with you I can feel the

Loving really heats beneath
Came into my feelings so I just start crying
You came into my life and made it better
Than I ever dreamed or could imagine
My emotions overload and I start ohohoh
(I can't stop crying tears of joy)REFRAIN
