

# Lolly (feat. Juicy J & Justin Bieber)

Maejor Ali

She say she love my lolly  
She wanna make it pop  
She say she love my lolly  
She wanna kiss the top  
She say she love my lolly  
She love my lollipop  
She say she love my lolly  
She say she love my lolly She say she love to party, girl, I love your body  
Why you on the table? Cause you know I'm watching  
She say she love my molly, so we can leave this party  
And go back to my hotel, and don't stop for Hibachi  
Don't stop in the lobby, I hope you massage me  
I hope you can take it when I make you call me papi  
Club about to close, come up out them clothes  
I'm about to give you what you asking for Order what you want girl, it ain't no problem  
I'mma tell the waitress that my baby need a bottle  
Order what you want, said it ain't no problem  
Got a piece of candy and it's all for you She say she love my lolly  
She wanna make it pop  
She say she love my lolly  
She wanna kiss the top  
She say she love my lolly  
She love my lollipop  
She say she love my lolly  
She say she love my lolly (Girl I love them heels, and yeah I love that dress  
I wanna take you home, show you I'm the best) She say she love my lolly, she love my lollipop  
She says she loves my lolly, she says she loves my lolly Throwing up a G note, like I'm at a casino  
I'm all fancy, yeah I'm popping Pellegrino  
I'm in the El Camino when I pull up on the scene though  
You know I'm a real OG and baby I ain't from the T.O  
I'm messing with the clique though, meet me on the sixth floor  
Know you ain't a model, you should let me take some pics though  
Windows down, speakers loud, look down at my sneakers now  
Got so many features, tell the creatures just to beat it now  
Fifty for the necklace, look down at my set list  
Got your girlfriend at my crib watching Netflix  
Let's just admit that I'm the bestest  
Guess this, you ain't never ever on the guest list Order what you want girl, it ain't no problem  
I'mma tell the waitress that my baby need a bottle

Order what you want, said it ain't no problem  
Got a piece of candy and it's all for you She say she love my lolly  
She wanna make it pop  
She say she love my lolly  
She wanna kiss the top  
She say she love my lolly  
She love my lollipop  
She say she love my lolly  
She say she love my lolly (Girl I love them heels, and yeah I love that dress  
I wanna take you home, show you I'm the best) She say she love my lolly  
She love my lollipop  
She say she love my lolly  
She say she love my Yessir  
Ass everywhere, throw them dollars in the air (mhmm)  
Bring your swimming gear, Juicy J the millionaire (mhmm)  
She pop that pussy on me, I fell back in the chair  
Bands a make her dance, molly make her lose them underwear  
Booty cheeks, I'm geeked, (you know it) all her friends are freaks (you know it)  
And I think she love me, I've been hitting it for a week (swish)  
I drill it, slap it silly, need a super freak like Ricky  
I'm Rick James bitch, I slip myself a mickey  
Got so much money in my pocket  
With a real bad chick from the tropics  
With silicone racks with a real big ass  
Make her bounce it like hydraulics  
Kevin Hart, I got purple on the plane (we smoking)  
Let's call a bull (let's go), let's run a train (trippy) She say she love my lolly  
She wanna make it pop  
She say she love my lolly  
She wanna kiss the top  
She say she love my lolly  
She love my lollipop  
She say she love my lolly  
She say she love my lolly (Girl I love them heels, and yeah I love that dress  
I wanna take you home, show you I'm the best) She say she love my lolly  
She love my lollipop  
She say she love my lolly  
She say she love my lolly
