

# Full of Fire

## The Knife

Sometimes I get problems that are hard to solve  
What's your story  
That's my opinion

Questions and the answers can take very long  
Here's a story  
What's your opinion

Sometimes I get problems that are hard to solve  
What's your story  
That's my opinion

Questions and the answers can take very long  
Here's a story  
What's your opinion

Of all the guys  
And the signori  
Who will write  
My story

Get the picture  
They get glory  
Who looks after  
My story

All the guys  
And the signori  
Telling another  
False story

Liberals giving me a nerve itch  
Liberals giving me a nerve itch  
Liberals giving me a nerve itch  
Liberals giving me a nerve

Now living and always moving  
Now living and always moving

Not a vagina, It's an option

The cock, had it coming

Not a vagina, It's an option  
The cock, had it coming

Now living and always moving  
Now living and always falling

(Sometimes I get problems that are hard to solve)  
(Here's a story)  
(That's my opinion)

Liberals giving me a nerve itch  
Liberals giving me a nerve itch

When you're full of fire  
What's the object of your desire?  
When you're full of fire  
What's the object of your desire?  
When you're full of fire  
What's the object of your desire?

Asking questions that are easy to reply  
Asking questions that are easy to reply

When you're full of fire  
What's the object of your desire?

Let's talk about gender baby  
Let's talk about you and me

Let's talk about gender baby  
Let's talk about you and me

Let's talk about gender baby  
Let's talk about you and me

Let's talk about gender baby  
Let's talk about you and me
