

Room in Your Heart

Living in a Box

Living in a box-Room in your heart Oh woh woh, no matter how below (how)
Oh, oh woh It's dark and cold tonight, I'm walking all alone
And one step at a time I'm getting closer
I know she's hard to find, instinctively I try
To take the path of love into the night
There would be no reason if you really didn't care
There would be no reason for love The door is open wide, is anybody there
I know this must be the room in your heart
I really don't know why but it's so easy to breathe
I know this must be the room in the heart, oh oh-oh yeah No answers question me, no one's been here before
I am the first to see the light at your door
If I could hold you now I wouldn't disagree
With these four walls you're protecting me, oh-oh-oo
There would be no reason if you really didn't care
There would be no reason for love The door is open wide, is anybody there
I know this must be the room in your heart
I really don't know why but it's so easy to breathe
I know this must be the room in the heart, oh yeah I can feel it, I can feel it
I can feel the love that's surrounding me coming out of you
I can feel it (coming out, coming out, coming out) yeah The door is open wide (is anybody there)
(I know this must be the room in your heart)
(I really don't know why but it's so easy to breathe) mmm, breathe
Oh oh-oh-oh (I know this must be the room in your heart)
I know this must be, I know this must be I know, ooh ooh, is anybody there Oh oh (the door is open wide, is
anybody there) oh oh
(I know this must be the room in your heart) ah ah
(I really don't know why) I really don't know why
(But it's so easy to breathe)
(I know this must be the room in your heart)
