Advisory - the following lyrics contain explicit language:

Should I go north? No  
Should I go south? No  
Should I go west? No  
Should I go east? Yeah I know where my love is  
My love is east of Eden  
Ohh, east of Eden You make my dreams so believable  
Before I meet you I believed in giving up  
You tore down all my walls so I could see outside  
Yeah, darlin', that's something I ain't never givin' up Everyone needs to rely on somebody  
Everyone needs to rely on someone  
Even you, even me I'm gonna follow my feeling  
I'm gonna follow my senses  
I'm gonna follow my compass I know where my love is  
My love is east of Eden  
Ohh, yeah, yeah, east of Eden This may not be the place we thought we would end up in  
But darlin', I don't need to make no apologies  
We all need someone to hold on to, you know it's true  
And if you hold on to me there'll be magic when I hold on to you Everyone needs to rely on somebody  
Everyone needs to rely on someone  
Even you, even me I'm gonna follow my feeling  
I'm gonna follow my senses  
I'm gonna follow my compass I know where my love is  
My love is east of Eden  
Ohh, yeah, yeah, east of Eden Should I go north? No  
Should I go south? No  
Should I go west to meet him now? No Should I go, should I go, should I go, should I go, go, go, go?  
East of Eden, east of Eden, east of Eden, east of Eden
