Come On

Wham!

Come on, everybody, get on with your party
And don't let nobody say you're wrong
Okay, so you've lost control but they'll never steal your soul
No way that they're gonna spoil your funGreedy men in far off places
Don't be afraid to show your faces
We know what you've done is wrong
But clap your hands, and sing along nowDon't even bother, to let us know
When you flick the switch and stop the show
Because the party has begun
And we'll still be dancing, as-you-run-nowCome on, everybody, get on with your party
And don't let nobody say you're wrong
Okay, so you've lost control but they'll never steal your soul
No way that they're gonna spoil your funOh no, don't think that I'm not scared
Oh no, don't think that I'm prepared
I just take each day as it comes
Because it may, it may, it may be the last oneI know they don't care about me
I ain't got no money, ain't a V.I.P.
And I know they don't care about you
You may as well enjoy your life like I doCome on, everybody, get on with your party
And don't let nobody say you're wrong
Okay, so you've lost control but they'll never steal your soul
No way that they're gonna spoil your funCome on, everybody, get on with your party
And don't let nobody say you're wrong
Okay, so you've lost control but they'll never steal your soul
No way that they're gonna spoil your fun, funCome on, everybody, get on with your party
And don't let nobody say you're wrong
Okay, so you've lost control but they'll never steal your soul
No way that they're gonna spoil your fun
