

The Party's Over

TV Eyes

Get 'em outta here
I can't take no more
Decisions made in fear
Don't work anymore
Yeah the enemy looks different
But still acts the same
Things have gotten worse
Ha! where's your shame?

When the world went black and white
Did your dreams die overnight?
Did you think from grace you'd fall?
Did you even think at all?
The party's over

I wanted something cracked
A sensory attack
Taken to the max
it'll break your momma's back
Yeah, they think they're swinging
They couldn't swing if they were hung
When they all fade away
Well, our job is done

When the world went black and white
Did your dreams die overnight?
Did you think from grace you'd fall?
Did you even think at all?
The party's over
The party's over

Did you save your money?
Hope you invested well
'cause there's nothing funny
about a season in Hell

When the world went black and white
Did your dreams die overnight?
Did you think from grace you'd fall?
Did you even think at all?

The party's over
The party's over
The party's over
Yeah, the party's over
