

King

Fireball Ministry

if i was listening
and knew i shouldn't be
made all the threats again
the pain is deafening
the jury couldn't win
and put the verdict in
like many times before
they closed the coffin doorleave it all if you had it before
turn it out if you wanted it more
if it was all wrong the first time
it's the last time
if i was born non believing
unbelievinghe tried to be defined
and all the childrfen whined
it killed the last of them
the king would fall againleave it all if you had it before
turn it out if you wanted it more
if it was all wrong the first time
it's the last time
if i was born non believing
unbelieving
