

Everything's Too Cold...But You're So Hot

The Early November

Your smile is like the sun to me
So bright its weakening
But so sweet But of all that you'd like from me
A smile and be okay
Sorry Its taken me everyday
To accept that I have to say
Say no Ill be right here
(Say something's wrong)
(To just find fault)
She complains the rooms too cold
(But when I learn to make heat,)
It's just to disappoint
Oh you know Ill forget...
So quick Time,
It makes it fine
Thats how we make this life
Makes it fine
It makes it right Your eyes, they cant see
(What it takes from me)
Or how it hurts
(Or how it holds our hands) Ill be right here
(Say something's wrong)
(To just find fault)
She complains the rooms too cold
(But when I learn to make heat,)
It's just to disappoint
Oh you know Ill forget...
So quick You know I always forget (3x)
