

Underjoyed

Jack Off Jill

The doctor released me
a case of underjoyed
No lack of nutrition
something I can't avoid
No mental condition
maybe I'm paranoid
or maybe
maybe
I'm just bored
I'm just damn bored
I'm just damn bored
I'm just damn bored
An old friend convinced me
that he was underjoyed
He never caused friction
his ego he destroyed
He made a decision
He jumped into the void
or maybe
maybe
he's just bored

he's just damn bored
he's just damn bored
he's just damn bored
Drown your fears in alcohol
everybody spills and falls
Choke on every dream you ever had
Drown yourself in alcohol
everybody slips and falls
Choke on every dream you ever had
Keep yourself in 6 degrees
no one ever comforts me
why should they bother
When I'm alone and I'm so damn bored
I am so bored
I am so bored
I am so
NO NO NO NOW

BORED

I am so bored

I am so bored

I'm so damned

that keeps me underjoyed
