

# In And Out Of Love

Patti Austin

Sunshine that is what I try to follow  
Long time, searching for a new tomorrow  
I'm always in and out of loveDawning, love is always round the corner  
Working, trying to fill a special order  
Still falling in and out of loveNow I know just how I want to be  
I know what makes me happy  
Looking for my soul  
Started getting old  
Found my way, found my heart  
Now my life can really startJourney, Looking for someone to please me  
Now I see,  
Pleasin's got to start here with me  
Still I fall in and out of loveNow I know just how I want to be  
I know what makes me happy  
Looking for my soul  
Started getting old  
Found my way, found my heart  
Now my life can really startJourney, Looking for someone to please me  
Now I see,  
Pleasin's got to start with me  
Still I fall in and out of loveDoin' it so good  
Making it so Tight  
Trying it out now  
Making if feel alright.Doin' it so good  
Making it so Tight  
Trying it out now  
Making if feel alrightDoin' it so good  
Making it so Tight  
Trying it out now  
Making if feel alright
