

# That Cat Is High

## The Ink Spots

Boys, I'm mellow as a honeydew, yeah That cat is high  
Look at that look in his eye  
Oh man, he's high  
Yes, higher than a kite That cat is high  
Look at that look in his eye  
Man, I wouldn't lie  
The cat's higher than a kite Now when you see him stumblin'  
Bubbed in and down the street  
You know that cat's been drinkin'  
Got no shoes upon his feet  
Man he's high  
I said that cat is high  
Yes, he's high  
Man, he's higher than a kite That cat is high  
Look at that look in his eye  
Man, I wouldn't lie  
That cat's higher than a kite Boys, he's high  
Just look at them two black eyes  
You know I wouldn't lie  
He's higher than the sky When you see him tippin'  
Round and round the block  
Know that cat he's very beat  
Hip clean down to his socks  
That cat is high  
Boys, I wouldn't lie  
Oh my, oh my  
He's higher than a kite, yeah Shoot the liquor to me, John Boy When you see him stumblin'  
Up and down the street  
You know that cat's been drinkin'  
Got no shoes upon his feet Man, he's high  
Yes, he's high, my, oh my  
I want the home cookin' mama with the fryin' pan  
I know that cat's high, yeah
