Sad Queen Boogie

Spiritual Beggars

Fine woman won't you buy me another drink
I'm broke but not tired
you can pour all your problems on meSmoke queen mama kiss me so sweet
Licker King papa make me feel freeTake me away baby
let us loose ourselves
Fine Lady will you sail away with me
Let's climb to the top of my magic treeWe're getting bye baby
just buy me another pint of hell
Take my hand baby
we'll find a better way
You're such a sad looking Lady
come onboard, join the show
