

# Angel (Holiday)

Jack Johnson

I've got an angel  
She doesn't wear any wings  
She wears a heart that could melt my own  
She wears a smile that could make me want to sing  
She gives me presents  
With her presence alone  
She gives me everything I could wish for  
She gives me kisses on the lips just for coming home  
She can make angels  
I've seen it with my own eyes  
You got to be careful when you you've got good love  
'Cause them angels will just keep on multiplying  
You're so busy changing the world  
Just one smile can change all of mine  
We share the same soul  
Oh oh oh oh oh  
We share the same soul  
Oh oh oh oh oh  
We share the same soul  
Oh oh oh oh oh  
Oh oh oh oh oh  
Mm mm mm mm
