

Old Flames Have New Names

[Mark Chesnutt](#)

I left town two years ago and moved on up to Idaho
But swore that Id be back again, pick up where I left off, oh man
Grown up sexy Texas babies, I got back in town tonight
Anticipating much delight
I pulled out my black book and called up my old lovers
I got five newlyweds and two expectant mothers All my old flames have new names
Theres a lot of girls in town
Who tied the knot and settled down
I thought Id start a fire with one of my old flames
But theyve all got new names My sexy little dirt road sport is now called Mrs. Davenport
My pretty little black-eyed Susies now Mrs. Susan Van Der Hoosie
Rosie who could blow my mind is sister Rose on channel nine
The wildest lover of my life is now a federal judges wife
They dont want to recognize this old familiar face
Im just a bad reminder of their wild and woolly days All my old flames have new names
Theres a lot of girls in town
Who tied the knot and settled down
I thought Id start a fire with one of my old flames
But theyve all got new names
