Alligator Assassinator

Fake Problems

Hey alligator won't you swallow me hole?
Bite down on my leg put me in your death roll
You're going to love the way I tasteNow everybody doing their own thing tonight
Get drunk get high get messed straight out of your mind
But me? I think I'm going straight to sleep
I've got a long road ahead of me and I'm in that drivers seatHey alligator do you wanna go again?
I swear to God right now I'll send you straight to heaven
I've got the strength of a thousand no make that a million men
No you go on tell your reptile friends you're sorry
I should have never messed with him
