

Give It Up (feat. G-Eazy)

Nathan Sykes

Something happened baby,
Only you can make it right
Clear my heavy mind with your tricks
Got that magic baby,
'Cause everything I fear just slowly disappears
As we kiss, yeahBaby, I want you close, I want you close
Give me your love
Baby, I want some more, I want some more
Can't get enough
Baby, I wanna feel your touch, wanna feel your touch
Just get me up and go on and on, on and on(Uh uh uh uh) don't leave me girl
(Uh uh uh uh) please stay with me tonight
(Uh uh uh uh) don't leave me girl
(Uh uh uh uh) I know you're down to give it upAre you happy baby?
I can make you valentines
Every single night, dim the lights
I'm ecstatic baby, you've got me on the high
Join me in this sky paradiseBaby, I want you close, I want you close
Give me your love
Baby, I want some more, I want some more
Can't get enough
Baby, I wanna feel your touch, feel your touch
Just get me up and go on and on, on and on(Uh uh uh uh) don't leave me girl
(Uh uh uh uh) please stay with me tonight
(Uh uh uh uh) don't leave me girl
(Uh uh uh uh) I know you're down to give it upI had a show in sydney in front of aussie, right?
Then a show in london, for the longest flight
I know it's been too long and you're always right
Just tryna see you after a hardest night
Listen, this between us, our secret don't tell
It's beatles mania when I leave the hotel
We don't want tabloid cashing up no chills
Tryna be with you alone for a week
Clock this morning, this is short thing
Let's take off without all the paparazzi swarming
I'm tryna show you you're the most important
Until one you're tryna be too forward
But we've got one chance
And I can't wait till the next time I see you

So you should stay till I leave to the next city and disappear
So, only if I need you here
I'm saying(Uh uh uh uh) don't leave me girl
(Uh uh uh uh) please stay with me tonight
(Uh uh uh uh) don't leave me girl
(Uh uh uh uh) I know you're down to give it upDon't leave
Stay with me tonight
Don't leave me baby
I know you got to to give it up
Ha ha
