Where Did My Baby Go

John Legend

Where did my baby go?

I wonder where she ran off to

I miss my baby so Im calling

But I cant get throughPlease tell that girl if you meet her

That someones longing to see her

Where did my baby go?

I wish that she would get back soon, get back soonSearching for the lover I knew

Have you seen her? Where did she go?

Feels like Ive just lost my only friendFlames subsided, colors faded

Love just got so complicated

Wish that I could see her smile againSo if you see her out there

Tell her Im still here

Waiting for the day

When she will reappearWhere did my baby go?

I wonder where she ran off to

I miss my baby so Im calling

But I cant get throughPlease tell that girl if you meet her

That someones longing to see her

Where did my baby go?

I wish that she would get back soon, get back soonMaybe I was wrong

And I ignored her for too long

And I didnt even notice

When she slipped awayMaybe while I lay fast asleep

Then out into the night she creeps

Ill leave the light on

So shell come back somedayOh, if you see her out there

Tell her its not fair

And that lifes just not the same

When shes not hereWhere did my baby go?

I wonder where she ran off to

I miss my baby so

Just what am I supposed to do? Please tell that girl if you meet her

That someones longing to see her

Where did my baby go?

I wish that she would get back soon, get back soonGet back soon

Get back soonWhere did my baby go?

I wonder where she ran off to

I miss my baby so

Just what am I supposed to do? Please tell that girl if you meet her

That someones longing to see her
Where did my baby go?
I wish that she would get back soon, get back soon
Get back soon
Get back soon
