

The Gumtree Family (Instrumental)

Justine Clarke

What's that there?
Can you see?
I wonder what that thing could be
Now it's sitting in the tree
Part of the Gumtree Family
It flies up high,
Lands on a branch
Makes this sound
(Koo-koo-ca-ca-ca-cah)
You guessed it.
It's a Kookaburra
And when its sitting in the tree
It's part of the Gumtree Family
What's that there?
Can you see?
I wonder what that thing could be
Sleeping up there in the tree
Part of the Gumtree Family
It sits on a branch.
Chews the leaves
Baby on her back
You guessed it
It's a Koala
And when its sitting in the tree
It's part of the Gumtree Family
What's that there?
Can you see?
I wonder what that thing could be
In the creek beside the tree
Part of the Gumtree Family
It's got webbed feet
Bill like a bird
Lives in the creek
You guessed it
It's a Platypus
And when its underneath in the creek
It's part of the Gumtree Family
What's that there?
Can you see?
I wonder what that thing could be

Bouncing along beneath the tree
Part of the Gumtree Family
It's got brown furr
Hops along
with a joey in her pouch
You guessed it
It's a Kangaroo
And when its underneath the tree
It's part of the Gumtree Family
