

# Vanguardian

## Steed Lord

Undercover  
Unbreakable under the pressure  
Undeniable  
Undress me with those eyes  
In a sea of heartache  
Looking for a way to tell ya  
That it's over and over and over again We push forward every night, every day  
All the time, every time, the vanguardian  
Bet that you're wrong, every night, every day  
All the time, every time, the vanguardian  
V-A-N, Vanguardian  
Incapable  
Infatuation by your devotion  
Incredible  
The response to the infection  
I really want somebody  
But I'm looking for a way to tell ya  
That it's over and over and over again  
We push forward every night, every day  
All the time, every time, the vanguardian  
Bet that you're wrong, every night, every day  
All the time, every time, the vanguardian  
V-A-N, Vanguardian
