

Alright For Now

Tom Petty

Goodnight baby, sleep tight my love
May God watch over you from above
Tomorrow I'm workin' what would I do
I'd be lost and lonely if not for you So close your eyes
We're alright for now I've spent my life travelin'
I've spent my life free
I could not repay all you've done for me So sleep tight baby
Unfrown your brow
And know I love you
We're alright for now
We're alright for now
