

Stay in Love (feat. Sam Sparro)

Plastic Plates

Don't let the winter make you cold
You know I'll be right there
I'll be right there
To keep you warm

Don't let the things they say
Let you down
You know I'll be right there
I'll be right there
To keep you warm

Let my love surround you
Feel it all around you
Don't you worry
I ain't going
Nowhere

I got lost in love sometimes
I'll be yours and you'll be mine
Let's stay in love
Stay in love
Stay in love
