Autonomy

Cubanate

It's a thing that's worth having
Yes, I would
Buys you your life sir
If it couldI, I want you
AutonomyIt leaves us all wondering
And it should
This awkward something
For the goodI, I want you
AutonomyI, I want you
AutonomyIt leaves us all wondering
And it should
This awkward something
For the goodI, I want you
AutonomyYes, I, I want you
