

Must Jesus Bear This Cross Alone

[Sam Cooke](#)

Must Jesus bear this cross alone
And all this world go free?
There's the cross for everyone
And the the cross for me Amazing grace, how sweet, how sweet it all sounds
I know, You saved, You saved the wretch like me
Then I was once lost but know I now that I'm found
I was blind but now I know that I can see Not alone, not alone, not alone
No Jesus cannot bear this cross alone
There's the cross for everyone and there's cross for me I came to my Jesus just as, just as I was
I was weary, I was wounded and sad
But I know that I found in Him a resting, a resting place
And now, right now my heart, my heart feel bad, oh, Lord
