

Need

Gavin Degraw

He tells lies, you say yours you think twice
He makes plans, you change yours to damn nights But you got this secret to keep
Like the looks that you steal from me
Say you just don't know what you need
What you need
But baby when you wake up, in the middle of the night
with your makeup running rivers from your eyes
You will see what you need
Baby when you wake up, cuz your bed is feeling cold
and you reach out cuz you want someone to hold
You will see what you need
What you need, what you needim past him, don't fear him, bad turn?
so dont waste time, yours and mine
girl what you need is a better man
and you got this secret to keep
Like the looks that you steal from me
Say you just don't know what you need
What you need
But baby when you wake up, in the middle of the night
with your makeup running rivers from your eyes
You will see what you need
Baby when you wake up, cuz your bed is feeling cold
and you reach out cuz you want someone to hold
You will see what you need
What you need, what you needWhen you wake up, in the middle of the night
with your makeup running rivers from your eyes
You will see what you need
Baby when you wake up, cuz your bed is feeling cold
and you reach out cuz you want someone to hold
You will see what you need
What you need, what you need
What you needWhen you wake up, in the middle of the night
with your makeup running rivers from your eyes
You will see what you need
What you need
