# Chalk White (Demo)

## 36 Crazyfists

Pieces of you, spread all over, torn in two
Forward/backwardSave yourself, from nothing, from no one
Forward/backwardYou better get yourself out of it
You better get yourself out of itYou think you're right but it ain't right
You think it's right but it ain't rightCease the slide, use the talent God gave you
Forward/backwardYou better get yourself out of it
You better get yourself out of itYou think you're right, but it ain't right
You think it's right, but it ain't rightForward/backward
Forward/backward
