

Chalk White (Demo)

36 Crazyfists

Pieces of you, spread all over, torn in two
Forward/backward Save yourself, from nothing, from no one
Forward/backward You better get yourself out of it
You better get yourself out of it You think you're right but it ain't right
You think it's right but it ain't right Cease the slide, use the talent God gave you
Forward/backward You better get yourself out of it
You better get yourself out of it You think you're right, but it ain't right
You think it's right, but it ain't right Forward/backward
Forward/backward
