

# Bass Rattle Stars Out The Sky

## Death Grips

Everybody anybody anybody everybody  
Get off me  
Everybody ain't nobody anybody ain't nobody  
Get off meBury two thumb disappear three eye run among you  
Bass rattle stars out the skyNever not at war torn mystic sheddin bands form of linguistic  
Subliminal exit lurk in cryptic black google search it won't find shit  
Fifth attitude bury all my businessBury two thumb disappear three eye run among you  
Bass rattle stars out the skyChemical leak melts your reef dry heave crease your knees  
Python in your belly nauseous got the chills  
Draw the blinds its time to get  
Can't explain its a feeling inhale the moment till I scorch your lips don't hurt me  
Gypsy gallop does you dirty  
Peak at three thirty in the morning with your voice in my headquarters and I'll take you thereEverybody  
anybody anybody everybody  
Get off me  
Everybody ain't nobody anybody ain't nobody  
Get off meBury me two thumb disappear three eye I run among you  
Bass rattle stars out the skySudden death in the west london connect live and direct  
Mad cow on the beat break me speed lace your senses  
Can't think straight I can't relate its all a dream mate leave a message  
I'm slingin pain in the paint can't make it stop  
Said knock that off I rep that gutter fly  
Come from from where you run from hide ain't no level bove this high  
Off I rep that gutter fly off I rep that gutter fly  
Base rattle stars out the skyGet off meEverybody anybody anybody everybody  
Get off me  
Everybody ain't nobody anybody ain't nobody  
Get off meBury two thumb disappear three eye run among you base rattle stars out the sky
