

# Lady Day

## Lifehouse

Her eyes are like fire & ice  
Her words sharper than a knife  
Her hands are ever so cold  
But her voice is like wine & roses Yeah she's both shadow & light  
She's both surrender & fight  
She wears her heart on her clothes  
and her scars are ways remembered  
Yeah Yeah Yeah yesterday Was dreaming bout lady day  
Day dreaming bout lady day  
She was eighteen shades of gray  
Eighteen and beautiful  
Was dreaming bout lady day  
Day dreaming bout lady day  
She was eighteen shades of gray  
Eighteen and beautiful Her road words are harder than moans  
She rocks the walls like a ghost  
Her smells both pleasure & pain  
and her guns are always loaded Her soul's as big as a sky  
Her life way ahead of it's time  
This time too small for 'em both  
She's a time bomb that's just exploded  
Yeah Yeah Yeah yesterday Was dreaming bout lady day  
Day dreaming bout lady day  
She was eighteen shades of gray  
Eighteen and beautiful  
Woah Woah Woah Woah... Her eyes are like fire & ice  
Her words sharper than a knife  
Her hands are ever so cold  
& her guns are always loaded Was dreaming bout lady day  
Day dreaming bout lady day  
She was eighteen shades of gray  
Eighteen and beautiful Woah Woah Woah Woah....
