

Even In the Quietest Moments

Supertramp

Even in the quietest moments
I wish I knew what I had to do
And even though the sun is shining
Well, I feel the rain, here it comes again, dear
And even when you showed me
My heart was out of tune
For there's a shadow of doubt
That's not letting me find you too soon
The music that you gave me
The language of my soul
Oh Lord, I wanna be with you
Won't you let me come in from the cold?
Don't you let the sun fade away
Don't you let the sun fade away
Don't you let the sun be leaving
Won't you come to me soon?
And even though the stars are listening
And the ocean's deep, I just go to sleep
And then I create the silent movie
You become the star, is that what you are, dear?
Your whisper tells a secret
Your laughter brings me joy
And a wonder of feeling
I'm nature's own little boy
But still the tears keep falling
They're raining from the sky
Well, there's a lot of me got to go
Under before I get high
Don't you let the sun disappear
Don't you let the sun disappear
Don't you let the sun be leaving
No, you can't be leaving my life
Say that you won't be leaving my life
Say that you won't be leaving my life
Say won't you please, say won't you please
Say won't you please, say won't you please
Lord, won't you come and get into my life?
Lord, won't you come and get into my life?
Say won't you please, say won't you please
Say won't you please, say won't you please
Oh Lord, don't go
Come on, let the sun fade and go
Come on, let the sun fade and go
Come on, let the sun fade and go
Won't you come to me? [Incomprehensible]
Even when the song is over
Where have I been, was it just a dream?
And though your door is always open
Where do I begin, may I please come in, dear?
