All Out

Tenterhook

You've got it in your head that I'm on fire.
I'm putting out the flames that you try to spark alight.
It's flickering in the corners of my mind.

I try to breath in but you hold my chest.
Whatever I want, you always know best.
Gonna scream,
Gonna burst until the atoms subside.

And are you listening
Are you listening
And are you listening

You make me break all the rules,
so my heart can live again.
Nothing you say,
could start reversing it.

And I'm all out,
I'm all out
And I'm all out
I'm all out

Supposed to teach me how to live.
But now you suffocate my will to forgive,
you're jaded.
All the dreams inside my head.

You've got my life planned out in front of you.
I strayed the path and that's the last I heard of you,
with love in your voice.

Oh are you listening,
are you listening
are you listening

You make me break all the rules,
so my heart can live again.
Nothing you say,

could start reversing it.

And I'm all out,
I'm all out
And I'm all out,
I'm all out

I'm tearing up the coast,
becausee the fire is gone at last.
I needed to catch your smile.

Oh, because my tears run dry,
there's nowhere else to hide the pain
I needed to tell you right.

You make me break all the rules,
so my heart can live again
Nothing you say,
could start reversing it

And I'm all out
I'm all out
And I'm all out
I'm all out
