

Ain't That Bad

Melissa Etheridge

Ummm I got a sugar pie honey comb,
I got a sunny day honey stick
It's like Saturday honey's home
I like the feeling that it's gonna give Ride around town with a girl, hair all messed up
Guess what, I've been known not to care
I woke up after two shots of whiskey
Guess what, I don't even see you there
I got a new best friend, has got a ex best friend
That don't want me around
Ride around town with the hope u miss me
But guess what? I'll be with a millionaire So it ain't that bad, no it ain't that bad without you
Just in case you didn't know
No it ain't that bad, no it ain't that bad without you Ummm I got a sugar pie honey comb, I got a sunny day
honey stick
It's like Saturday honey's home
I like the feeling that it's gonna give
No it ain't that bad, no it ain't that bad without you
Riding upstate with some OA plates A brand new car have I gone too far
Oh not really I just got started Have some pity I'm broken hearted I got a new best friend, has got a ex best friend
That don't want me around
Ride around town with the hope u miss me
But guess what? I could be a billionaire So it ain't that bad, no it ain't that bad without you
Just in case you didn't know
No it ain't that bad, no it ain't that bad without you
Just in case you didn't know [x3] Ummm I got a sugar pie honey comb, I got a sunny day honey stick
It's like Saturday honey's home
I like the feeling that it's gonna give
No it ain't that bad, no it ain't that bad without you
Just in case you didn't know
Just in case you didn't know
Just in case you didn't know
No it ain't that bad, no it ain't that bad without you
