

# Hello Sunshine

Canton Jones

I've been looking at the news  
and right now god I'm a little bit confused

So many crying..

So many dieing

But you said if I put my trust in you  
There's no way you would ever let me loose

Weeping endure for a night

But joy is coming in the morning night

Hold your head up high

Don't cry (don't cry)

It will be alright just try (just try)

Stay in the rain

And some how he will make a way

(Chorus] x2 after the pain is gone

After the rain is gone

Hello sunshine (hello sunshine) (x2)

You may be at the end of your rope

All you need is hope then you can cope

I know its night time (I know its night time)

But here comes light time (but here comes light time)

I know God's gonna take your pain away

After the rain you can lift your head and say..

Hello sunshine (hello sunshine) (x2)

(Chorus) (x2)

Weeping endure for the night

But joy comes in the morning light

Lift your voice and say

Hello sunshine (hello sunshine) (x2)

Now unto him that is able

To keep me from fallin'

Everything is gonna be fine

Hello sunshine (hello sunshine) (x2)

(It's gonna be okay.....)

(Chorus) (x3)

(You don't have to cry no more  
You can wipe your tears away)  
Hello sunshine (hello sunshine) (x2)
